

UBB members,

As most of you know the United Braford Breeders established a memorial scholarship in Bud Adams' name in 2018. Sadly this year, another Braford legacy passed - Payne Midyette, on Easter Sunday of 2021. To honor their legacy, the UBB's Board of Directors has voted to collaborate scholarships in memory of the two men. The scholarship is to be presented at the Braford Junior National show in West Monroe, Louisiana, August 1st through 3rd, 2024.

Mr. Adams was the founding member of the United Braford Breeders Association and responsible for the development of our Braford breed. Bud and Payne both were advocates for agriculture and made a tremendous impact on the Braford breed. For those who were privileged enough to know them, they understood that the pair were devoted to their families and their faith, outdoorsmen and true cattlemen.

*"We cannot always build the future for our youth, but we can build our youth for the future."
~ Franklin D. Roosevelt*

Our goal is to raise \$5,000 to not only make this scholarship become a reality but to help maintain this endeavor for years to come.

If you would be interested in contributing to the memorial scholarship, please contact Katelin Hyman at (903) 280-8498 or katelin.ubb@gmail.com by June 15th, 2024. The UBB Scholarship fund is a 501(c)(3) corporation. We would like to recognize our sponsors at the All American Junior National banquet.

We appreciate you all,

**The UBB Board of Directors
